

Fork Mounted Sweepers

Fork Mounted Sweeper - This accessory truly makes industrial sweeping jobs a lot easier to do. The handy forklift mounted broom is designed for use with either wet or dry material clean ups. It can squeegee water and push snow with no trouble. This accessory is frequently used to be able to clean garbage from construction sites, docks, parking lots, warehouses and almost everywhere it is required. The forklift sweeper is a low maintenance attachment which uses quick-tite fork products to easily connect to the lift truck.
