

Electrical Parts for Forklifts

Forklift Electrical Parts - Lift trucks can be specifically marked to be used in unsafe places. A labeled truck indicates the design has met the minimum requirements of ANSI/UL 558 meant for engine powered trucks or ANSI/UL 583 meant for electric trucks for the type of label put.

The application for labels used for lift lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Consult your local insurance provider and Fire Marshall for further info on the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined standards, the following labels can be put. A labeled truck will have the type designation placed on the lift truck nameplate and would have one of the following labels placed.
