Advance-Nilfisk Parts - Think about how long and tedious it will be to tidy up after a party, with out help from machines. Not too long ago, the dust from carpets and upholstery had to be beat out of them manually; brushes, cleaning cloths and brooms were the top cleaning products at the time.

The man who founded Nilfisk-Advance, P.A. Fisker, began as an electrical engineer who really liked to work on electrical motors. After starting his business in the year 1906, he started to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the start was to have a global company advertising goods worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented an amazing, ground breaking vacuum cleaner which can be operated by a single person for the reason that it just weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were massive and required at least 4 operators, thus, the Nilfisk C1 changed everything and evolved the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an ongoing dilemma; stuff get filthy and have to be cleaned frequently, without a lot of effort.

Little by little, the business Nilfisk-Advance expanded throughout the years. In the the early part of the nineteen eighties the business developed fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance ahead within the business, aspiring to be an active global player in making professional cleaning machines. Nilfisk-Advance is currently represented in all parts of the globe by gradually obtaining numerous small companies so as to grow their product range and presence in new markets. They are proud to provide a variety of cleaning solutions to meet each and every need.
