

TCM Forklift Parts

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global trade. Transporting industrial goods occurs each day on our hectic world. Originally innovated as industrial vehicles in the 1930s in America, lift trucks gained recognition following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In the year 1949, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Through the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation in the industry. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes numerous models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products recognized and used all around the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and aims to become a world-class leading company.
